Re: Pledge of Support for the Safety in Pride Project

Dear Mardi:

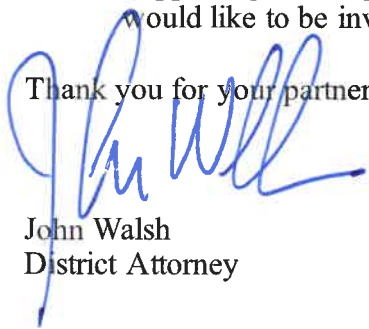

On behalf of the Denver District Attorney's Office, I would like to pledge our support for the Safety in Pride Project, a project sponsored by Out Boulder County. We believe in the power of collaboration between law enforcement agencies and community organizations to create safer, more vibrant communities, and we are committed to working hand in hand with you to achieve this shared goal.

Through community engagement, training, and increased reporting, the Safety in Pride Project focuses on increasing community safety and building trust with communities who have historically had strained relationships with law enforcement. This closely aligns with the mission of the Denver DA's Office, and we see much value in embarking on this partnership with you all.

As part of our pledge, our agency is dedicated to:

1. As staffing allows, providing time for staff to participate in available training both in person and online through the Safety in Pride Project website (www.safetyinpride.org).
2. Designating at least one staff member as an LGBTQ Liaison, to serve as a resource to both agency staff and the community.
3. Supporting other agencies in the City and County of Denver (2nd Judicial District) who are or would like to be involved in the Safety in Pride Project.

Thank you for your partnership and dedication to making our communities safer for all,

John Walsh
District Attorney
